## A Note from Activities

April was a busy month for us. We enjoyed April Fool's Day, Easter, and lots of visitors! But we are glad that May is here and we can enjoy the wonderful weather it is bringing with it!

We have several residents that meet weekly for the Young and the Restless group. Dale Campbell has begun his garden this month. And many puzzles have been completed, even a thousand piece puzzle!

We're hoping May is as great as last month and the weather continues to brighten and warm up. Our residents love being able to go outside and enjoy the sunshine!

# National Nursing Home Week

May 14-20

Every skilled nursing care center embodies a unique and vibrant spirit and community for residents, volunteers and staff alike. Acts of kindness, generosity and compassion from proud veterans, immigrants, and hardworking people of different faiths fill the walls of each center.

During National Nursing Home Week® (NNHW), May 14 to 20, 2017, skilled nursing care centers will unite under the theme, "The Spirit of America." This theme underscores the bond between staff, volunteers and residents that capture the American spirit.

Established by the American Health Care Association (AHCA) in 1967 and always beginning on Mother's Day, NNHW provides an opportunity for residents and their loved ones, staff, volunteers, and surrounding communities to recognize the role of skilled nursing care centers in caring for America's seniors and individuals with disabilities.
