Movin & Groovin 9:30 a.m.
Bingo 2:00 p.m.

We Love Visitors!

This month we were finally able to go on car rides to see the country side. It is a beautiful time of the year. Residents enjoyed the usual activities of Bingo, religious services, hand care, games and crafts. We were blessed to have good weather to see The Solar Eclipse through are special glasses. Staff and residents enjoyed seeing the process (pics to the right).After watching the Eclipse we were entertained by The Kool Katz. Residents filled the dining room tables for an Ice-Cream Social featuring ice-cream for Dari Sweet. Yummy! Many had seconds. Joyce and Tahlia came in for their monthly visits. Residents look forward to seeing what the poodle will be wearing and to play ball. We decided again this year to make pearl necklaces as residents really enjoyed it last year. Residents cracked open their oysters to find their pearl and then picked a charm to put it in (pics on facebook). One of the many highlights this month was having extra visitors. Residents had so much fun when the Help Pod came in to play games with the residents. (pics below) Residents are also very thankful that the High School students before prom came to show of their attire in our own prom walk through. (Pics above) It was a great month. We are all looking forward to May and National Skilled Nursing Care Week! Follow us on facebook to see more pictures.

Solar Eclipse-A Sight to See!
